Performance Summary

- Lumenmax 2835 LED with excellent efficacy >110 Lm/W
- Unique patented V-shape design for an incredible 270 degree coverage
- Dramatically improves the look of any food or merchandise being displayed
- Ultimate solution for coolers when combined with a motion sensor
- National listing lab tested with Type V degree distribution
- Fixtures can connect together with included in/out 30" connect cables
- Mounting clips with hardware and 30" power cord whip included
- Moisture ready with IP65 dustproof and waterproof design
- Up to 200W can be connected on one run
- Solid state LED light source, instant start, long life
- Maximum lumen output with utilization of clear lens
- Effectively illuminates ambient light with superior foot candles
- Quick clip on surface mount kit provides easy installation
- Patented design with 1.3mm aluminum housing with excellent heat dissipation
- Food safe an shatterproof plastic casing with high purity AL6063 aluminum heatsink
- Aluminum LED boards with copper tracings for best thermal management
- High shock and vibration resistant with rivets on the aluminum LED board
- High quality silica gel end caps with waterproof plugs
- Tested LED binning for color uniformity
- Universal 100-277V integral driver with surge protection
- Silent operation, no noise, no flickering
- No infrared or UV radiation
- Contains no mercury or lead and cool to the touch
- Excellent CRI RA>82 for color enhancement
- Power factor: >0.95, THD<19%
- Operating temperature: -30 to 50 degrees celsius
- 100,000 hour LED lamp life
- Certifications: CE, RoHS, TUV, SAA, ETL, DLC, IP65
- 3 year system warranty
