Product Description

The KONTROL STICK GA2 Color Controller is a wall-mounted DMX controller with a stylish glass touchpad that offers the best solution for projects requiring numerous LED lighting scenes commanded from an uncluttered and intuitive interface. The LED display of the STICK-GA2 makes it easy to tell which scene number is playing, and its size allows for mounting at any single gang wall outlet.

KONTROL STICK GA2 SERIES

Touch Sensitive Intelligent Control Keypad

LED DMX Architectural Software Control

Models:

- VVDSTICKGA2: 512 DMX Channels

The computer programmable GA2 is capable of playing up to 99 scenes, each of which can be modified by touching the mode button to change the dimmer and color. The LED display of the GA2 makes it easy to tell which scene number is playing. The wall panel is slightly taller than the STICK-GU2 allowing it to be mounted onto any single gang wall socket around the world.
