

Product Description

The Alume Light is a emergency exit lighting fixture designed to provide reliable illumination during power outages. 90 minutes of backup battery life ensures safe evacuation from commercial buildings. Both light heads can rotate to provide optimal coverage in hallways and walkways. This US standard adjustable integrated LED emergency light is perfect for hallways and stairways, offering fire-resistant construction for enhanced safety.

Performance Summary

- Energy-efficient, ultra bright, long life, Samsung LEDs
- Low operating costs and no maintenance
- In stock and ships from several U.S. locations for quick delivery
- Better visibility and longer life than incandescent
- High quality components, excellent choice for retrofitting
- Corrosion resistant enclosure with one piece design
- Injection-molded thermoplastic ABS housing in white finish
- Housing is Impact and scratch resistant
- Mount multiple ways to ceiling or wall
- Integrated test switch and charge indicator light
- Double waterproofing design to prevent condensation
- UL-94V-0 flame rating, fire-resistant
- Power consumption: 2W max output
- 3.6V long-life, maintenance-free, rechargeable NiCd battery
- Battery discharge time: 90 minutes
- Fully automatic solid-state charger initiates battery to complete recharge in 24 hours
- Contains no mercury, lead, infrared or UV radiation and cool to the touch
- High power factor with IC controlled LED circuits and low THD driver
- Low junction temperature for long life and low lumen depreciation
- Instant illumination and restrike with no warm up or cold start issues
- Solid State with high-shock and vibration resistance
- Patented heat dissipation design for optimum efficiency
- Dual Driver, 120/277V, 50/60Hz
- Operating temperature: 0 to 40 degrees celsius
- IP20 rated for indoor use
- Safety and Egress Code Compliance
- Certifications: CE, RoHS, UL, cUL
- 100,000 hour LED life
- 5 year limited warranty (Excludes Battery)

Alume Light
